

All Energy Plan Subcommittee Recommendations by Subcommittee

		Appendices Page No.	Recommendation	Status	Top-Tier
Demand-Side Management/Demand Response/Energy Efficiency (DSM-DR-EE)	1	19	Recommendation for Changing the Review and Adoption Process of the Energy Code in South Carolina	Requires Legislative/Regulatory Action	✓
	2	19	Building Energy Efficiency	Active	
	3	20	Trade Ally Certification to Maximize Efficiency Gains	Active	
	4	20	Converted EE Manufactured Housing Tax Credit to Direct Rebate	Requires Legislative/Regulatory Action	
	5	21	Building Energy Labeling	Active	
	6	21	Create a state tax credit for energy efficiency for residential homeowners	Requires Legislative/Regulatory Action	
	7	22	Multifamily Housing EE	Requires Legislative/Regulatory Action	
	8	23	Opt Out for Industrial Customers	Active	
	9	24	Encourage On-Bill Financing Programs	Requires Legislative/Regulatory Action	✓
	10	25	Appliance and Equipment Energy Efficiency Standards	Pending	
	11	26	Public Benefits Fund	Requires Legislative/Regulatory Action	✓
	12	26	EE Use/Potential Study	Complete	
	13	27	Energy Efficiency Portfolio Standards	Requires Legislative/Regulatory Action	
Environmental Justice, Economic Development, and Environment Planning	14	28	Environmental Indicators	Pending	
	15	28	Offshore Wind Development in South Carolina	Active	
	16	29	Environmental Justice Assessment	Active	✓
	17	30	Enhanced Energy Efficiency Incentives in Rental and Public Housing Projects	Requires Legislative/Regulatory Action	
	18	31	Establish a Long-Term Renewable Energy Target	Requires Legislative/Regulatory Action	
	19	32	Workforce Development	Active	
	20	32	Enhancing Inter-Organization Collaboration through a Weatherization Assistance "One-Stop Shop"	Active	
	21	33	Funding for Low-Income Residential Energy Efficiency Upgrades	Requires Legislative/Regulatory Action	
Electric and Natural Gas Planning	22	35	IRP Metrics	Complete	✓
	23	36	IRP Resource Portfolios	Complete	✓
	24	37	IRP Scenario Analysis	Complete	✓
	25	40	Statutory Facilitation of Second License Renewal for Nuclear Plants	Requires Legislative/Regulatory Action	
	26	38	Electric Grid Modernization	Active	
	27	40	Utility Regulations	Pending	
	28	41	Economic Impact Modeling	Pending	
	29	42	Electric Portfolio Standard	Requires Legislative/Regulatory Action	
	30	42	Natural Gas and Propane Efficiency Programs	Complete	
	31	43	Natural Gas Infrastructure	Complete	✓
	32	46	Fuel Diversity	Inactive	

		Appendices Page No.	Recommendation	Status	Top-Tier
Renewables	33	48	Corporations Seek Renewable Energy Purchases	Active	
	34	49	Solar Farm Siting	Complete	
	35	50	Develop a Plan for Acceptable Use of Beneficial Waste-to-Energy in SC	Pending	
	36	51	Increasing the Utilization of Forestry Byproducts, Tree Trimmings, and Waste Wood	Pending	
	37	52	Develop State Support and Implementation of Purposely Grown Crops for Biofuels and Bioenergy	Active	
	38	53	Act 236 – DER 2.0, Net Energy Metering 3.0	Complete	✓
	39	54	Renewable Energy Cost Data Tracking	Complete	
	40	54	Shared Solar Program Implementation	Active	
	41	55	Incorporating Regulated and Non-Regulated Utility Ownership of Solar Assets	Complete	
	42	56	Qualified Facilities' Rights	Complete	
	43	56	Advanced Inverter and Storage Technologies	Pending	
	44	57	Property-Assessed Clean Energy (PACE) Programs	Requires Legislative/Regulatory Action	
	45	57	Consumer Protections and Renewables to Tax-Exempt Entities	Active	
	46	58	Renewable Portfolio Standard Study Group	Requires Legislative/Regulatory Action	
	47	59	Develop State Support and Implementation of Offshore Wind Resources	Requires Legislative/Regulatory Action	
	48	59	Establish a Long-Term Renewable Energy Target	Requires Legislative/Regulatory Action	
49	60	Solar Property Tax	Requires Legislative/Regulatory Action		
State Government Energy Use	50	62	Convene the Green Purchasing Taskforce	Pending	
	51	62	Incentive for State Entities	Requires Legislative/Regulatory Action	
	52	63	Energy Audits	Requires Legislative/Regulatory Action	✓
	53	64	Recommendation for Minimum Energy Requirements for Leased Facilities	Pending	
	54	65	Energy and Water Conservation Through More Effective Measurement and Analysis of Use	Requires Legislative/Regulatory Action	
Transportation Planning	55	67	Public Awareness	Complete	
	56	68	Intelligent Infrastructure	Pending	
	57	69	Innovation and Technology Transfer Center	Complete	
	58	70	Lead By Example - State Transportation	Complete	✓
	59	72	PSCFC/South Carolina Electric Auto Association	Requires Legislative/Regulatory Action	
	60	73	Encourage Connectivity	Complete	
	61	74	Complete Streets Policies	Complete	
	62	75	Funding for Public Transit	Pending	
63	76	Availability of Alternative Fueling Infrastructure at Transportation Nodes	Complete
